SCIENCE OF ADVANCED MATERIALS

Editor-in-Chief: Dr. Ahmad Umar

Dear Colleagues

It is a great pleasure to inform you that we have launched a new scientific journal entitled “**Science of Advanced Materials**” (www.aspbs.com/sam) published by the American Scientific Publishers (ASP) (www.aspbs.com) based in USA.

Science of Advanced Materials (SAMs) is an interdisciplinary peer-reviewed journal consolidating research activities in all aspects of advanced materials in the fields of science, engineering and medicine into a single and unique reference source. SAMs will provide a platform for materials scientists, chemists, physicists, biologists, engineers, ceramicists, metallurgists, theoreticians and technocrats to express their ideas/inventions in the form of original review articles (with author's photo and short biography), full research articles and communications. SAMs will be a portal to promote the discussion of scientifically important and new technological findings encompassing fundamental and applied research in all of the latest aspects of advanced materials. Authors will receive the following benefits:

- Electronic submission of articles
- Fast reviews
- Rapid times to publication
- No page charges
- Free color where justified
- Distinguished editorial board
- Availability in print and online editions

SUBMISSIONS NOW BEING ACCEPTED!

Please consider submitting a high quality original manuscript to “**Science of Advanced Materials**” (www.aspbs.com/sam). Please see **Instructions for Authors** at www.aspbs.com/sam. The first issue of SAMs will be published in the early 2009. Please feel free to submit your manuscript as a PDF or MS Word file to editor-in-chief at ahmadumar@chonbuk.ac.kr or aspsams@gmail.com

Journal Policy: *It is journal policy to publish only original and unpublished research work, therefore, the entire manuscript including all text, data, figures, tables or other illustrations should be original and not previously submitted or published in parts in any other journal or conference proceedings or any other media.*

The first issue will be FREELY available online. Authors could use any number of COLOR FIGURES in their articles, **free color printing at no cost to the authors.**

Thank you very much for your kind interest and anticipated support.
I am looking forward to hearing from you.

With my best regards
Sincerely yours,

Elson Longo
(Elson Longo, Ph. D)
